My Father

Balpreet Kaur, B.Tech.

Poem on the precious occasion of Presenting 'S. Pritam Singh Kasad Yadgari Award' to my father Dr. Hari Singh Jachak

I am paying this tribute, through a poem about my dad.
Let me start with his jolly nature, I have never seen him sad.
 He is a man in whose praise.
 There is no proper word or a phrase.
He has a great personality as a Father.
He never lags behind on any thing rather.
 He is a man who was brought up in a village.
 But achieved success in his life through commitment and courage.
From a Clerk to an A Class Officer, his journey was really hard.
But he sailed it through with Guru in his heart.
 He started reciting poems at school level.
 And continues winning accolades at national & international level.
A lot of storms came in his life.
Which includes death of his elder son and loving wife.
 Whatever be the case, his spirit never dies.
 In every moment of life, the theme 'Chardi Kala' lies.
He is definately not an ordinary creature.
Always ready to help others, is his nature.
 Though he is 55 years old.
 Yet, his spirit in shining as Gold.
Poet like him is difficult to find on earth.
His poems are not casual, but of great value & worth.
 World's best dad will be the perfect title.
 Today and always, he will be my greatest idol.
